

# Louisiana GIS Digital Map: 2010 Call for Data

For more than a decade, the *Louisiana GIS Digital Map* program has collaborated with geospatial professionals across public and private industries to produce a comprehensive resource for Louisiana centric geospatial data. The Louisiana GIS Digital Map disc was first released in 1996, with subsequent releases in 2000, 2003, 2005, and 2007. Each edition has been freely distributed to professionals, decision makers, educators and more. The next edition of the *Louisiana GIS Digital Map* disc is scheduled to be released in 2010. In an effort to continue with the collaborative spirit, we are issuing this Call for Data.

If you would like to contribute, please complete and submit the provided form. Upon receipt of this form, you will be contacted to discuss how best to incorporate your data within the 2010 *Louisiana GIS Digital Map* collection. If you have contributed in the past, please submit an updated status of your data, even if it has not changed.

**First Name:** \_\_\_\_\_

**Last Name:** \_\_\_\_\_

**Job Title:** \_\_\_\_\_

**Organization:** \_\_\_\_\_

**Phone:** \_\_\_\_\_

**E-mail:** \_\_\_\_\_

**Have you Contributed to the Louisiana GIS Data program in the past?**

<b>Yes</b>	<b>No</b>
------------	-----------

**Please provide the examples of the data you would like to contribute. Include title and subject description.**

Submit electronically to [geodata@lagic.lsu.edu](mailto:geodata@lagic.lsu.edu), or mail your completed form to:
